After an exciting elopement to Las Vegas, Brooks and Michael gathered with family and friends to celebrate their nuptials with **an evening reception under the stars** on the rooftop of the Grand Bohemian Hotel. Wearing elegant wedding attire, Brooks carried a cluster of cymbidium orchids, while hues of apple green and chocolate brown were set among the clean and modern décor of all white. The floral arrangements by Lee Forrest Design were modern and sculptural with vases of apple green floral with hundreds of flickering candles adding to the ambiance.

After a delicious dinner, Brooks and Michael shared **a slide show from their elopement** over the pool and enjoyed an evening of dancing outside under the star-filled sky. Together they cut into their delicious chocolate cake, with green cymbidium sugar flowers, of course, baked by Bake Me a Cake. Keepsake wine keys with an engraving were taken home by all as a memento from their amazing event. Needless to say, their guests "were blown away!"
