ABOUT ELIZABETH

Elizabeth St. Hilaire Nelson is a member of the National Collage Society and Atlanta Collage Society. Her piece "Out To Pasture" (right) won First Place in *The Artist's Magazine* All Media contest category of collage, 2010.

Her work has been featured in: *Orlando Arts* magazine, *Orlando* magazine, *Cloth Paper Scissors* magazine, and scheduled to be included in the upcoming book *Collage in All Dimensions* by Gretchen Bierbaum.

This is an intense workshop in which students are taught a unique figurative collage technique. Working with photographic reference, students will explore drawing, composition, proportion, value, color and collage application. Emphasis will be on developing form using light and shadow, just like in traditional painting techniques. No prior collage experience is necessary. Some painting would be helpful, but not imperative.
